Certification

Concept Explainer Marathon

About Me

A Software Developer, skilled in both front-end and back-end development. Known for creating dynamic, user-friendly applications. Collaborative team player with a track record of delivering high-quality solutions. Eager to contribute to innovative projects and drive technological advancements.

Professional Experience

Jr Software Developer

July 2023 - Oct 2023

Key responsibilities:

- Implemented UI designs provided by the UI/UX team for the company's product, Pokermagnet.
- Successfully transformed the game's table view from a horizontal to a more user-friendly vertical layout, enhancing the player experience.
- Spearheaded the development of tournament features within Pokermagnet, further enhancing its gameplay and competitive dynamics.
- Implemented the EV Chop functionality, ensuring a guaranteed payout for players even if they don't come out on top.

Projects

Netmeds Ecommerce Clone

- **Tech Stack:** React | Redux | Javascript | React.js | Chakra UI | Redux | Mongo Db | Express
